

Step Ahead Recognition System (STARS) is Vermont's system for recognizing and improving quality in programs registered or licensed with the Child Development Division. Vermont STARS is a quality standards program that works with parents to inform confident decisions about child care. Parents can go in informed that a program lives up to standards, is professionally run and striving for improvement. For more information on STARS, go to <https://dcf.vermont.gov/childcare/providers/stars>

Both programs currently hold 4 out of 5 STARS.
